### Chairman's Message

#### INDIAN CUSTOMS' AEO PROGRAMME

A monumental effort to ease trading across borders

The Indian AEO Programme, which started in 2011, has come a long way in the last few years. It was designed to set standards to secure and to facilitate the ever-growing flow of goods in international trade. Today, the programme has a membership of nearly 5,000 AEO entities. That is 5,000 economic entities which have actively collaborated with Indian Customs to ensure safety and security in the Supply Chain. And in return, they are reaping benefits of an ever-widening set of benefits from Indian Customs such as faster processing and clearance of cargo, deferred payment of duty, direct port delivery/entry.

**"AEO HAS FUNDAMENTALLY CHANGED THE CONVENTIONAL IDEA OF SECURE TRADE"**

The facilitation measures implemented through the Indian AEO Programme has ensured a significantly faster movement of goods at Indian ports, which in turn has translated in substantial savings in time and cost for the Indian Trade. To ensure that the processes and benefits of the programme are at par with the International best standards, CBIC has thoroughly digitized the application filing, processing and digitally-signed delivery of AEO certification for AEO T1 applications by way of this website.

I heartily invite all the members of the trade to be part of this splendid confluence of security, recognition, and facilitation.

Join the AEO Programme and be Indian Customs' trusted trade partner.

Sh. Sanjay Kumar Agarwal  
Chairman, CBIC

Finally, applicant need type Captcha text which is visible in registration page. After fill up required details, they can submit those registration details, then OTP will be sent to their email id and mobile which is filled in registration form.

The screenshot shows the Indian Customs AEO Programme website. A modal window titled "OTP Verification" is open in the center. The modal contains an "OTP \*" input field, a "Resend OTP" link, a green "Submit" button, and a grey "Close" button. The background website features the Indian Customs logo, a navigation menu, and a registration form on the right. The registration form has tabs for "Applicant" and "Customs Officials", with the "Applicant" tab selected. It includes fields for "Username" (containing "cnicommissi0") and "Password" (containing "....."), along with "Login" and "Reset" buttons. A "Forgot Credentials" link and a "Check AEO T1 Certificate Validity" button are also visible. The main content area includes a list of benefits: "1 FASTER PROCESSING OF GOODS BY CUSTOMS", "2 MUTUAL RECOGNITION AGREEMENT", "3 ENHANCED REPUTATION FOR THE ORGANISATION", and "4 SECURE AND EFFICIENT SUPPLY CHAIN". A quote states: "AEO HAS FUNDAMENTALLY CHANGED THE CONVENTIONAL IDEA OF SECURE TRADE".

This screenshot is identical to the one above, but the "OTP \*" input field in the modal now contains the number "17811", which is highlighted with a red border. The rest of the page content, including the website layout, registration form, and benefits list, remains the same.

Once they will enter correct OTP, registration will be created successfully. Also they can logged in their portal via credential which they have provided in registration screen. T1 application filling can be done only after verified their registration by AEO officials. Until they can't fill application.

Registration verification:

After successful registration, in AEO official will be verify applicant's registration details. generally verification is processed for their mobile number and email id whether matched with their IEC registration or not. If both are matched, those registration will be verified, applicants will be allowed file their T1 application. Otherwise they need to update correct email id or mobile number or both

based on verification status. This updation can be execute through their portal in 'update verification' link.

The screenshot shows the 'Customs AEO' portal dashboard. At the top, there is a navigation bar with the 'Customs AEO' logo and a 'Home' link. Below the navigation bar, a red banner states: 'Application can only be filed after completion of the verification.' A message below that says: 'Both Email id and Email id and Phone Number. Kindly make necessary changes through the tab "Update verification" at left side of your dashboard.'

The dashboard features four columns for AEO Tiers:
